

Dear **Visual Art** Students,

**Congratulations!** The faculty and staff are delighted to have you participate in **Session Two** of the GSA Visual Art program. This packet is designed to give you a sense of what GSA will be like and what you need to do in preparation for the program. Time moves fast, so please read the following carefully. July 10<sup>th</sup>, 2022 will be upon us very soon!

**During GSA, you will be working in three different studio areas:**

1. **Drawing & Painting** (instructor **Nathaniel Hendrickson**)
2. **Printmaking** (instructor **Hannah Smith**)
3. **Ceramics & Sculpture** (instructors **Azucena Trejo Williams & Sean M. Starowitz**)

**The Visual Art program includes** studio projects, guest artists, and field trips during the first two weeks, with more independent work, documentation, and exhibition preparation during the third week. In addition to creating works of art, we ask that you contribute verbally to critiques and that you keep a minimum of two sketchbooks (a new one any size you like, and an old one full of sketches and ideas). It is important that you come to GSA with lots of ideas and imagery you are ready to develop further.

**What To Do Before GSA**

- **Spend some time at a local art museum, library, or bookstore. Then, use the Internet to gather information on some artists, techniques, ideas, or artwork that speaks to you.** Please bring these sources of information with you to develop your ideas and share with your classmates. We will be asking you about these during the program.
- Please choose **two** artists from the **Master Artist List** below (as well as **three** more artists—one from each additional list provided for our three studio areas throughout this document). If you're having a hard time choosing, ask yourself this: **"Which five artists speak the most to me?"** Print out some samples of their work and attach them to your **new** sketchbook. Then, create some sketches and contour line drawings in the manner of the **five** artists chosen. Be prepared to discuss why you chose their work and what exactly interests you about his or her work. *Please note that you might be asked to use these drawings and work samples to create art at GSA.*

<b>Master Artist List</b>	Gabriel Chaile	Richard Hunt

## **Mental Preparation**

You will be involved daily with students from many disciplines during GSA. The other art forms our summer program offers are **architecture + design, creative writing, dance, drama, instrumental music, musical theatre, film + photography, and vocal music**. It is very important that you come with an open mind, a positive attitude, and a willingness to participate in the artistic community. We hope that you will play a key role in making this an amazing experience for your fellow classmates.

Last, we ask that you please examine the **supply list** and **project preparations** on the following pages closely. Though we will furnish most art supplies, you are encouraged to also have some of your own. However, **if you are unable to purchase any items below due to financial reasons**, please send GSA a detailed request IMMEDIATELY to [gsainfo@kentuckyperformingarts.org](mailto:gsainfo@kentuckyperformingarts.org). We're happy to help!

We look forward to seeing you on Sunday, July 10<sup>th</sup>!

Get ready for the opportunity for an amazing, life changing experience! The rest will be up to you.

Sincerely,

**Azucena Trejo Williams, Hannah Smith, Nathaniel Hendrickson & Sean M. Starowitz** – *The Visual Art Faculty*.

## VISUAL ART SUPPLY LIST

### Art Wear & Cleanup

- Old **t-shirt, smock** and/or cloth **apron**
- Closed-toe **shoes**
- **Sunhat** and **sunglasses**
- Four old **t-shirts** (to print on and to use as rags for cleanup in painting and printmaking)
- **Unwanted clothing item** for paper pulp
- **Towel** (to sit on outside)
- Bottle of **hand lotion**
- Two pairs of **reusable** rubber or latex **gloves** (for printmaking)

### Art Tools

- **Hard-copy photos** (including a side view/profile photo of yourself) for image references. You will not have access to your phone or internet while in the studios nor the ability to photocopy
- **Empty portfolio** – 24"x36" (homemade or purchased)
- 22" or 30" **Masonite** or **lightweight wooden drawing board**, *labeled with your name*
- Roll of **blue painter's tape**
- **Large clips (bulldog clips)** for holding paper on your drawing board
- **Exacto knife** (#11 or other) and/or **utility knife**
- 18" **metal ruler with cork back**
- Pair of **sharp scissors**
- **Fish tackle** or **art box** (with handle) for carrying and storing your supplies

### Art Materials & Mark Making Supplies

- **Two sketch books (one new, one old)**
  - **New sketchbook (size of your choice)** is what you'll always have to take notes and sketch. *And, as a reminder—this is also what you're using to research your five artists.*
  - **Old sketchbook** is already full of great ideas, sketches, and/or prints of your own photographic images.
- **Your favorite mark-making materials**, such as a set of watercolors, Crayola markers (bold or original), pastels and/or oil pastels and/or colored pencils and assorted drawing pencils (2b, 6b or whatever you like to use!)
- **One glue stick**
- **Other personal favorite art supplies/ brushes** that you may want to use when working independently. (We will provide all of the necessary supplies for you for formal projects!)
- **Kneaded and/or plastic eraser**
- **Sharpies** – thick and thin-lined for drawing
- **A fine detail paintbrush**
- **Workable fixative spray** used on charcoals and pastel drawings
- **Collage materials** for printmaking
- **Ballpoint pen** for printmaking
- **Empty containers** (yogurt, pasta sauce, etc.) for saving ink
  - **Please do not bring containers that previously held anything related to drugs, alcohol or tobacco. These items will not be allowed at GSA (even if empty).**

### Art Inspiration

- **A few objects that could be used to create a still life and inspire you for drawings.** Try to bring some that are **transparent** and some that are **opaque**.
  - For example, something made from glass or plastic (transparent) versus a dark, solid object (opaque). In other words: a variety of small objects, in man-made and natural forms, that absorb light and reflect light and have interesting textures and shapes.
- **Original color and black/white photographs**, as well as **original drawings** you've made.
- **Sketches and drawings** created in the manner of the 5 specific artists you've chosen from the lists provided. We'd also like you to bring a few hard-copy printouts of their work.
  - **REMINDERS**
    - Print out samples of the 5 artists' work and create sketches and contour line drawings in your new sketchbook. Do this in the manner of the artists themselves.
    - Be prepared to discuss why you chose their work and what exactly interests you about it.

## Miscellaneous Supplies

- **Face Masks/Coverings** – We ask that you bring enough face masks for 3 weeks at GSA.
- **Spending Money** – Though housing, meals, room, and board are covered by GSA, you might want a little extra money for GSA merch on-campus or souvenirs during field trips.

## PRINTMAKING PREPARATION

Instructor – **Hannah Smith**

At GSA, you will be introduced to a range of printmaking processes, like traditional carving and lithography techniques, processes assisted by modern technology, and those which blur the boundaries between sculpture, printmaking, and painting. **Students will leave GSA with an understanding of the expanded field of printmaking and its applications in contemporary artistic practices.**

**How To Prepare For Your Projects (Before GSA)** – It is important that you come with **images and ideas** that you can easily transfer and copy onto the film “positives” and “negatives” we will be creating. I recommend you bring photocopies (Xerox) of high-contrast drawings, photographs, magazines, comic books, etc. that you would like to play with.

**Preferably, the images should have definite lights and bold dark tones. Images should not be larger than 8.5” X 11”.** Think about how different images might work together if layered on top of each other. It’s good to note that gray (flat) images do not translate very well. **Collage will likely be part of our design process;** I recommend visiting **Half Price Books** and/or **thrift stores** for inexpensive book/magazine collage material. **You will also need to bring at least one article of unwanted clothing to be recycled for colorful paper pulp.** For our screen-printing project, you will need to collect a few **(at least 5) containers** and a **ballpoint pen**.

### Materials We’ll Use

- **Empty containers** (yogurt, pasta sauce, etc.)
  - **Please do not bring containers that previously held anything related to drugs, alcohol or tobacco. These items will not be allowed at GSA (even if empty).**
- **At least one article of unwanted clothing** (*you can bring more than one, if you like*)
- **One ballpoint pen**
- **Photocopies** of high-contrast drawings, photos, etc.
- **Collage materials** (magazines, comic books, etc.)

## CERAMICS & SCULPTURE PREPARATION

Instructors – **Azucena Trejo Williams** & **Sean M. Starowitz**

At GSA, you will get introduced to a range of **spatial thinking** and **sculptural/3D techniques**. By working with ceramics and not-so-traditional materials, we will explore how different methods of making will expand your artistic practice. We will work through a variety of projects that will challenge scale, material, and conceptual making. During the program, we

strongly encourage interdisciplinary thinking and collaboration between visual art GSA's eight other artforms.

**“DISCREET OBJECT” Project Prep** – Please bring at least 5 items of importance, preferably no larger than the size of your hand. We want these objects to mean something to you. Be open and think about its presence, shape, and form. One of these objects should artistically describe you. *Is it something you carry in your pocket, maybe for good luck? A small river stone from a hike that sits on your bookshelf? Your grandma's thimble?*

<b>Ceramics &amp; Sculpture Artist List</b>	
Anthony Gormely	Olafur Eliasson
Roberto Lugo	Louise Bourgeois
Simone Leigh	Thomas Demand
Karyn Olivier	Maria Montoya Martinez
Claus Oldenburg	Thomas Hirschhorn
Squallis Puppeteers	Alexander Calder
Raven Halfmoon	Abigail Deville
Christo & Jeanne Claude	Rachel Whiteread
Samantha Dickie	Cornelia Parker
Raheleh Filsoofi	Doris Salcedo

## **DRAWING & PAINTING PREPARATION**

Instructor – **Nathaniel Hendrickson**

In the Drawing and Painting Studio, we will work from a variety of sources, including **direct observation, imagination, and print material.**

### **PROJECT #1 – CHARACTER SELF PORTRAIT**

**CONCEPT**– Inspired by **Paula Rego** and **Jordan Casteel**, students will combine figure painting with visual elements that personify their character (real or imagined).

**How To Prepare For This Project (Before GSA)** – Please bring in items of personal significance that inspire you. If you are unable to bring these items to GSA (for inconvenience reasons), **detailed photos of these items are permitted/encouraged.**

- **Examples** – Family photos, photocopies of library resources, magazines, images of favorite paintings, jewelry, glasses, iconography, photos of favorite animals, house plants, special mementos, etc.

### **PROJECT #2 – INDEPENDENT STUDY**

**CONCEPT**– Plan and execute a project that you've always wanted to try that deals with **something unavoidable in contemporary society or recent history** (think from the microcosmic to the macrocosmic scale). Using your preferred medium of choice (and another medium that you would like to learn/master), create a mixed media piece that incorporates direct observation, imagination, and photographic sources. Consider **collage** or **décollage** as a possible technique. (Optional: Imagine how some aspect of your project could result in a simple collaboration with another discipline (poetry, dance, music, etc.)).

**How To Prepare For This Project (Before GSA)** – Visit [moma.org](http://moma.org) and [metmuseum.org](http://metmuseum.org) and browse their vast art collection! Choose at least 5 artists whose work that you find interest in and write them down in your sketchbook. Do a little research on their background and their art. This will help inspire you while you work in the studio at GSA! We will not

only work on numerous projects, but we will also discuss artists both historical and contemporary as part of your visual arts practice.
