

GSA 2024 APPLICANT GUIDE

Dance

I. Program Description

The GSA **Dance** program centers around the study and exploration of composition/choreography, Western concert dance including ballet & modern, and the African diaspora field of dance. Taught by GSA faculty and visiting dance professionals, students will receive collegiate and professional level training that is both physically and mentally demanding. Seminars on college programs and dance careers, nutrition, dance science, injury prevention and care, cross training, and dance history will also be scheduled. *If schedule permits*, supplemental class in other dance styles *may* be included. In addition to technique classes, students will learn, rehearse, and perform group choreographic work by faculty. Students who are accepted to the program may also apply for the student choreography project and, if selected, have their work produced. Faculty and student choreographed work is presented in a public performance on the final day of GSA.

II. Preliminary Round Application Requirements (due January 14th @ 11:59 p.m. EST/10:59 p.m. CST)

*Submit the materials in this section through the online platform [Acceptd](#) no later than **January 14th**.*

NOTE: *Applicants will be prompted to pay a \$35 application fee when submitting their materials (or \$50 if applying in two artforms). Students on free/reduced lunch may opt to have this fee waived when payment is requested.*

For the Preliminary Round, submit the following (see below for more detail):

- a. Two Recommendation Forms
- b. Personal Short Essay
- c. Personal Question Video
- d. Artform-Specific Questions
- e. 1 Modern Technique Video
- f. 1 Ballet Technique Video
- g. 1 Dances from the African Diaspora Video

a. Two Recommendation Forms (do this first!)

Identify two people who will complete recommendation forms in support of your GSA application (*each person will complete the same form separately*):

NOTE: *previous GSA application cycles have required recommendations from a teacher and a school administrator. The recommendation guidelines have changed in recent years to broaden the scope of who may complete these forms. Please review the new guidelines below.*

The recommendation form includes questions about your artistic abilities/potential, how you contribute to your learning environment/community, and your overall fit for GSA. If you can select two recommenders who can speak to your artistic abilities, we encourage you to do so. However, we understand not every applicant will have one or two recommenders who have experienced the student's artistry. In this case, select recommenders who can speak to your character, accountability, and/or work ethic. Recommenders can be teachers (from inside or outside of your school and in any subject), school administrators (i.e., guidance counselor), mentors, or other people involved in your personal or artistic development such as a coach, youth minister, or staff at an organization for which you volunteer.

You will enter the names and email addresses of each recommender in your online application, and those individuals will receive emails instructing them on how to complete the recommendation form, which will take about five minutes.

Before submitting your recommenders' information, we strongly encourage the following:

1. **Inform them you are applying for GSA and would like to list them as a recommender.** Tell them they will complete a short form via email, and that their responses are confidential (you will not have access to them). Ask if they have any questions about GSA and/or your desire to apply.
2. **Confirm what email address you should list for them;** double check that you have the correct spelling.

Submit your recommenders' information as soon as possible so they have plenty of time to complete the forms prior to January 14th. After you have submitted their information, we strongly encourage the following:

1. **Tell your recommenders to check their email.** The email will come from do-not-reply@getacceptd.com and be titled "Documentation Request from {{your name}} for Kentucky Governor's School for the Arts."
2. **Ask them to confirm with you when they have submitted the form** – and then tell them thank you! If they have not received the form, ask them to check their junk folder and ensure you entered their email address correctly in the application. Contact GSA if you need to correct an email address.

NOTE: Once you submit your recommenders' information, you will have to click back into your profile to access the remainder of the application; *Acceptd* will refer to this next section as **"Application Part 2."**

Additional information about recommendations:

- No letters of recommendation are needed, nor should you submit any. Recommenders simply need to complete the form they receive via email.
- Applicants are not able to review the contents of their recommendations.
- Applicants' parents/immediate family may not fill out their recommendation forms.
- While we encourage you to secure the best recommenders possible within the guidelines listed, know that we rely on your personal application materials (essays, artistic work, etc.) as the primary tools to assess your fit for GSA. Recommenders have the option to choose "unknown" if they are not aware of the answer to a question, and this will not be held against you as an applicant.
- If you are applying for two artforms and using the same recommender(s), they must complete two forms (one for each artform), even if their answers are identical.

b. Personal Short Essay (250-word max)

Provide an answer to the following question in essay form:

How can/why should the artform you are applying in be of importance to your community or society as a whole? *Provide an answer that is specific to the artform you are applying for.*

- **Be open, honest, and authentic in your response – let us learn something about you.**
- **Upload this essay response as a document file;** type out the question at the top of your response, so the question and answer are both in the document (the question restatement does not count toward the word count limit).
- **When uploading your essay, title the file, "Personal Short Essay."**

c. Personal Question Video (90-second max)

Provide an answer to the following question in video form:

Why is the artform you are applying in important to you? What are your goals for yourself as an artist in this artform? *Provide an answer that is specific to the artform you are applying for.*

- **Be open, honest, and authentic in your response – let us learn something about you.** While you are encouraged to prepare your thoughts before shooting the video and you may consult notes as you speak, please do not just read off a transcript. We want to get a sense of your personality.
- **Begin your video by stating "Hello, my name is (first/last name)."** Record your answer in an interior space that is free from interruptions, noise, etc. Do not edit or splice the video. You do not need to include an introductory frame or any effects such as fades, etc.

- **Shoot straight on, leaving the camera in one location.** Review the video to ensure you can be seen AND heard. Ensure the video plays all the way to the end.
- **When uploading your Personal Question Video, title the file, "Personal Question Video."**

d. Artform-Specific Questions

Applicants will be asked questions about their specific interests in their artform and their level of access to training/classes/lessons in their artform. Applicants can review the specific questions for their artform once they have submitted their recommender information. There are no right or wrong answers for these questions, nor are we looking for one profile of a student over another – rather, we ask these questions to understand the applicant in the fullest context possible.

(e, f, g). Technique & Solo Videos

NOTE: *GSA recognizes that applicants may not have experience in genres of dance that they are being asked to perform for their preliminary video audition. If you are not experienced in one or more of these styles of dance, do not be discouraged. We welcome all dancers to apply regardless of experience. Execution of the performance videos may require research, practice, and other resources.*

FOLLOW THESE GUIDELINES FOR THE THREE REMAINING VIDEOS:

- Record your audition in an interior space that is safe for dancing. A dance studio or a stage space are highly preferred, but not required. An alternative space that measures a minimum of 10' x 10' can work for the movement required. Please ensure the space is safe for movement by removing any objects that may impede or limit your performance. **Do not record into a mirror.**
- If you are filming in a dance studio or stage space, shoot straight on in landscape mode, leaving the camera in one location. The camera should be placed sufficiently close to the performer so that positioning and movement of all parts of the body are visible, but far enough away that it frames the entire body, capturing movement in place, as well as movement through space. Avoid filming from a corner or diagonal location if possible.
- If you are filming in an alternative space that is not a dance studio or stage space, shooting straight on in landscape mode is preferred. If space does not allow for this, position the camera so movement of all parts of the body are visible, but far enough away that it frames the entire body, capturing movement in place and movement through space.
- There should be no cutting, splicing or zooming in any of your videos.
- For the Modern Technique Video, if you are recording in a space that measures approximately 10' x 10' or less (see additional guidelines for this video in following section), you may adjust the

pathway of the final jump sequence so that it travels in a circular pathway around your space as opposed to a diagonal pathway from downstage right to upstage left.

- For the Ballet Technique Video, if you are recording in a space that measures approximately 10' x 10' or less, you may adjust the pathway of the final big jump sequence so that it travels in a circular pathway around your space as opposed to the diagonal pathway from downstage right to upstage left and back (if needed; see additional guidelines for this video in following section). You may also submit an additional video for the optional pointe exercise.
- Do not include an introductory frame stating your name, etc. or anything outside of what is listed in the requirements.
- Do not submit recordings of recitals, dance concerts, or competitions.
- Review the video after uploading into your application to ensure quality sound and image. Verify that the image is upright (not sideways), plays smoothly, and plays through to the end.

e. Modern Technique Video (1 minute maximum)

Dance applicants must submit a modern technique video comprised of a short presentation of technique through floor work, center exercises and traveling progressions.

Music

This track is available on [Spotify](#), [YouTube](#), and [Apple Music](#). This music can encompass all the requirements listed in one long phrase combination and fits the track precisely. If you are unfamiliar with modern technique, we recommend researching the wealth of information available on the internet.

Sample Video

We have provided a [sample video](#) to demonstrate how to get all the requirements within the maximum time limit. Please replicate this movement series (written out below) in your video. The example video is **not** the standard of technical and artistic skill level required for admission to the program. We have provided a [sample video](#) to demonstrate how to get all the requirements within the maximum time limit. Please replicate this movement series (written out below) in your video. The example video is **not** the standard of technical and artistic skill level required for admission to the program. Applicants are encouraged to go above and beyond what is demonstrated in the video. Although there are two dancers in this video sample, your video should be a solo of your performance only.

Requirements for the Dances from the African Diaspora Video are as follows

- Begin standing in a neutral position of the feet. Do a series of triplet steps R-L-R, L-R-L, R-L-R, L-R-L while at the same time the arms are in front of the torso. When you lead with the R foot, push the R arm forward to meet the L hand and when you lead with the L foot, push the L arm forward to meet the R hand. The torso should contract as you push the arms forward.
- Touch back with the R foot behind the L leg and return back to neutral position of the feet. Repeat pattern with the L foot touching back behind the R leg. Repeat each side one more time. When stepping back, open the body arching the back with the arms reaching diagonally. When stepping to neutral position drop the arms and contract the torso. When you step back with the R leg, the R arm should reach up and the L down in the diagonal position. When you step back with the L leg, the L arm should reach up and the R down in the diagonal position.

- Do a three step turn to stage right stepping R-L-R and touch/dig the L foot in. Repeat to stage left stepping L-R-L and touch/dig the R foot in. On the first step of the turn, arch the back and throw the arms behind you. On the second step of the turn, contract the torso and throw the arms forward. On the third step of the turn, arch the back and throw the arms behind you. On the dig/touch, contract the torso and throw the arms forward.
- Lifting the R knee high, step downstage with the R foot at the same time slash the R arm down towards downstage. Lift the knees high and step the L foot in place. Repeat all of the above sequence and then lift the knees high and step R towards downstage, turn 180° to your L and step L towards downstage, turn 180° to your L and step right towards down stage, and Dig/touch the L foot in place. Repeat the whole series of movement starting with lifting the L knee high to step downstage with the L foot, etc.
- Touch the L foot out to the side and step back into a neutral position of the feet. At the same time elbows pull into the torso. Repeat with leading with the R foot. Then lift the knees L-R-L-R while the hands and arms are lifting up 4X as if gathering something in rhythm with the feet. Repeat the whole sequence.

The arms for the fourth set are the same as the second set.

- Jump 3 times bringing knees as high as possible while throwing arms down with each jump. Then do a triplet step with the R stepping side towards downstage-step L in place and return R to neutral position while the reaches out to the side and scoops into the torso leading with the back of the hand. Repeat this triplet on the L side. Repeat the jumps 3X while turning to face downstage. All applicants will be notified on February 16th of whether they are invited to the Final Round. **The final round auditions/reviews for Dance on March 15th and 16th will be in-person at the University of Kentucky.***

The Final Round for Dance will include:

- Pre-Review Questionnaire (see below for more information)

All applicants who advance to the Final Round for Dance will participate in both the masterclass and interview on the same day, either March 15th or 16th.

a. Pre-Review Questionnaire (due via *Accepted*)

Applicants who advance to the final round will be forwarded to a new section of their application in *Accepted* (called “**Application Part 3**” in *Accepted*). This new part of the application will include a short questionnaire. This questionnaire may cover a range of topics, including your previous experience in your artform, your favorite artists, and/or your college and career goals. The questionnaire is not a quiz

and is not scored, but it is a way for adjudicators to get to know you. The questionnaire may be used to customize questions in your interview.

b. Masterclass (on March 15th or 16th)

The master class includes modern, ballet, dance from the African diaspora, and improvisation. Although previous experiences in all those areas are not a requirement for acceptance to GSA, experience in some form of dance style (ballet, modern, jazz, hip hop, contemporary, etc.) and the dance classroom atmosphere is preferred. The dance studio will be open 30 minutes prior to the assigned start time for those wanting to warm-up. The dance auditions will be recorded for use by the adjudicators in the selection process **only** and will not be reproduced for other viewing.

What to Wear for the Masterclass

Applicants who identify as female:

- Pink or skin-toned convertible tights, dark colored leotard
- Long hair secured in a ponytail for modern and African and in a bun for ballet; hair otherwise away from face
- Ballet shoes (Ballet portion only – Modern, African, and improvisation are danced in bare feet.)

Applicants who identify as male:

- Dark convertible tights with dance belt (or appropriate supportive undergarments)
- White fitted t-shirt
- Ballet shoes (Ballet portion only – Modern, African, and improvisation are danced in bare feet.)

Applicants who identify as non-binary:

- A combination of the traditional male and female attire is acceptable.

Finalists will receive the date and time for their masterclass and interview. This will be sent through Acceptd's messaging system.

c. Interview (on March 15th or 16th)

Following the masterclass, adjudicators will lead small group interviews with applicants lasting 30-40 minutes depending on group size.

What to Wear for the Interview

- Business casual for all dancers. Please do not wear dance attire or warm-ups for this portion of the finalist audition. Look your best.

Finalists will receive the date and time for their masterclass and interview. This will be sent through Acceptd's messaging system.

IV. Criteria

The work of each student will be given an objective review by the adjudicators as to how they fulfill each of the following criteria.

Technical Skills

The ideal applicant has the skills to execute the demands of the exercises and choreography with proficiency and apparent ease. Additionally, this dancer exhibits alignment, flexibility, balance and correct muscular and skeletal execution.

Core Strength

The mindful building and sustaining of core strength is very important. An ideal applicant shows full awareness of muscles and skeleton with consistent body control and placement to maintain dynamic body alignment.

Execution of Exercises and Choreography

The skill to perform complex dance exercises, combinations and/or phrases with accuracy and attention to detail. The ideal applicant exhibits understanding of dance vocabulary presented in applicant guide and/or the live audition, as well as well-coordinated movement of the entire body.

Artistic Choices

The skill to create meaning for movement (e.g. connects with the music and expresses with face as well as with body). An ideal applicant is creative and thoughtful about the choices they make about how they use space by moving in multiple pathways, changing levels, and making different shapes in their own personal space. An ideal applicant is also thoughtful and creative about movement choices they make with regards to dynamics and rhythm.

Dedication to Artform, Growth, and Community

An ideal applicant demonstrates a commitment to and passion for their artform, as well as a desire and ability to grow as an artist. The applicant can thoughtfully and authentically explain why they want to attend GSA and how they are uniquely qualified to contribute to a robust, diverse community of artists.

Dance Corrections (Final Round only)

Assimilating information and corrections into performance; utilizing corrections to change aesthetics or meaning. A successful applicant will ensure they understand given corrections and implement corrections in real time.

Improvisation (Final Round only)

Proficiency in and understanding of original movement that is novel and spontaneous. A successful

applicant will exhibit an ability to act on impulse and take risks, creating a story that is clear and reaches resolution.

V. Tips

These tips are suggestions. They are NOT eligibility requirements for admittance to GSA.

- If any terms above are unfamiliar to you, **try researching online to expand your vocabulary.**
- If you are unfamiliar with **modern warm up and class movements**, try researching online for modern dance resources. Some good search terms to use include “modern dance class warm up”, “modern dance technique”, “Cunningham technique class”, “Martha Graham across the floor”, “Horton floor work”, “Limon dance technique” and “Release Technique”. Use reputable dance company videos as source material
- If you are unfamiliar with **ballet barre and center work**, try researching online for ballet resources. Some good search terms to use include “ballet barre”, “ballet center”, “Vaganova technique”, “Cecchetti Method”, ballet variations, “ballet fundamentals”. Use reputable dance company videos as source material
- If you are unfamiliar with **Dances from the African Diaspora**, try researching online for dances from the African Diaspora resource. Some good search terms to use include “West African Dance”, “traditional African dance”, “Afrobeat dances”, “Afro-jazz dance”, “Afro-modern dance”, “Katherine Dunham Dance”
- You are **permitted to have the assistance of teacher or mentor** to help you understand the video audition requirements (e.g. meaning of steps, concepts, or choreography), however your video should reflect your skills and understanding of the requirements.
- If you are invited to the Final Round, **be early**. Nothing is more nerve-racking than not having enough time to do your own personal physical and mental warm-up before the masterclass.
- At the Final Round, **present yourself well**. Show the adjudicators that you care about yourself and getting into the program. Make your appearance as professional as possible (e.g. clean shoes and tights with no holes, hair neatly pulled back, etc.). For the interview, dress as you would for a job or collegiate interview.
- At the Final Round, **be mindful of dance class etiquette**. Be respectful of the teachers and your peers. You will be given a number that indicates the order applicants will perform exercises. Always be ready to go and in the correct space and numbered order. Do not create unnecessary delays as there is limited time to showcase your dancing.
- While you are allowed to ask questions during the masterclass for clarification, keep in mind you should be **demonstrating your ability to pick up combinations quickly and perform with accuracy**.
- At the Final Round you may be asked to execute steps and ideas that may be new to you. Remember the adjudicators already believe you are a talented dancer - do not be timid,

hesitant, or unsure of yourself. Be confident and **show that, if nothing else, you are willing to try.**

- During the interview, **answer questions sincerely and honestly.** Don't tell the adjudicators what you think they want to hear.
- **Pay close attention to the adjudication criteria.** While GSA students are accepted based on their holistic identity as a young artist, the criteria are the foundation of how you are being scored.
- **Remember the adjudicators are very excited to see your work and they want you to do well!** We know it takes hard work to submit this application, and that it can be scary to "put yourself out there." We have faith in you, so put your best foot forward and don't be afraid to show us the wonderful artist you are. You prove a level of dedication just by submitting your application, and you should be proud of yourself.

VI. Application Timeline/Deadlines

January 14th, 2024 - GSA Application Due

All applicant materials must be submitted via *Acceptd* by **11:59 p.m. EST/10:59 p.m. CST**. We encourage you to submit early and not to wait until the last minute, as the application portal runs slowly when many people try to upload at once.
